

Handwritten notes: *Handwritten notes: Mindray BS-240, Maglumi 1000 Snibe, Merilyzer GluQuant A1c - HPLC for HbA1c, Erba Maheim ECL 105 Coagulometer, PICTOR - PictArray For TORCH*

Maglumi 1000 Snibe
Fully Automated Immunoassay

Mindray BS-240
Fully Automated Biochemistry

Merilyzer GluQuant A1c - HPLC for HbA1c

Micropro MIC Minimum Inhibitory Concentration For Blood and Urine Culture

Erba Maheim ECL 105 Coagulometer

CKK Lyte Electro-Lyte Analyser

PICTOR - PictArray For TORCH

Finecare Fluorescence - Immuno Assay (FIA)

FACILITIES AVAILABLE

- 24x7 Emergency Services
- Ultra Modern Pathology laboratory
- Advance Microbiology laboratory
- Hematopathology
- Histopathology
- Cytopathology
- Hormones
- Biochemistry
- Clinical Pathology
- Tumor Markers
- Dengue Testing
- Allergy Testing
- Molecular Pathology
- Microbiology
- Serology
- Blood/Urine Culture
- COVID Testing
- ANC Profile
- Neonatal Screening
- Body Profile

Home/Hospital visits available

ACCREDITATION & CERTIFICATION

MRL DIAGNOSTIC CENTRE
An Integrated Pathology & Microbiology Laboratory

ABOUT US

We are one of the emerging diagnostic centres in Aurangabad, established in 2018 with the vision of precise and quality services at affordable cost. Our main processing laboratory is situated at seven hills, Aurangabad. We offer a comprehensive range of clinical laboratory tests and profiles, which are used for prediction, early detection, diagnostic screening, confirmation and/or monitoring of the various diseases.

To maintain utmost quality, we are participating in internal and external quality assessment (IQAS, EQAS) programs. We are ISO 9001-2008 certified laboratory and our NABL is under process.

MANAGEMENT TEAM

Our laboratory is managed by dedicated and experience pathologist and microbiologist team. We have well qualified and experienced phlebotomist and scientific officers.

Dr. Abhishek R. Wadgaonkar
MD. (Pathology)
Consultant Pathologist

Dr. Bhagyashri R. Jadhav
MD. (Microbiology)
Consultant Microbiologist

OUR STRENGTH

- Quality Testing
- Affordability
- Minimum Turn Around Time (TAT)
- Wide range of testing facilities
- Precise Results
- Reliability

LOGISTICS

We believe that an efficient logistics network is critical to maintain quality of specimens collected by us.

We provide services including Pickup of specimen from site of collection and transporting it to our clinical laboratories in appropriate packing material. We have a trained in house logistic team.

EQUIPMENTS

Sysmex XN-330 6 Part

1st Time In

MARATHWADA

SIEMENS-ADVIA CENTAUR XP

Random Access Immunoassay System

- Direct Chemiluminescence using with Advanced Acridinium Ester Technology.
- Fully automated, Barcoded, 0% Human error and Bidirectional.
- High throughput, up to 240 tests per hour, to keep pace with peak workload times.
- Wide range of test result on same day.

Union YHLO
(Fully Automated Immunology Analyzer ELISA)

MISPA-i3
Automated Protein Analyzer
